

PRESIDENT IN YOSEMITE

Takes Three Days Rest Before
Resuming Trip

ENJOYING SIMPLE LIFE

And Eating Ham and Eggs and Beef
Steak for a Change—Camping
in the National
Park.

El Portal, Cal., Oct. 7.—When President Taft stopped out of his car here last night, he left all the cares and troubles of his 13,000-mile trip behind him and turned his face towards Yosemite valley, intent upon three days of pleasure and rest. The president is the bravest soldier in his party but gilded menus with their long strings of awful secrets are beginning to pall even on him. During his stay in the valley the president will refuse to consult even the common every day hotel bill of fare. The president has had enough fancy dining and his soul yearns for ham and eggs, plain broiled beef steak and potatoes with onions. He will get them, as California's governor has given his sacred word to look after that end of the program and has promised the president a real taste of the simple life.

The president referred in several speeches before his arrival here to his joy over the prospect of a rest. At El Portal, he said: "I feel like a boy out of school after examination. I don't want to do anything but smile and think it over. However, it is very pleasant while you are going through it, but it gives plenty of reason for sleep."

The president stopped in a hotel over night, but started out into the valley early in the morning. One of the first wonders that he will view will be the famous Bridal Veil Falls.

The president's party will travel in two coaches. Recent rains have laid the dust and the president has been assured that his trip will be made under most enjoyable conditions. The governor of the state, Senator Platt and most of California's representatives in Congress will make the trip through the valley with him.

The trip down to the floor of the valley is usually made on mule back but the president will walk. He is looking out for his own safety but at the same time he has some pity for Yosemite mules. He will come out of the valley again Saturday night, resuming his trip south to Los Angeles the following morning.

PEARY IS ANXIOUS.

To Submit His Proofs of Pole Discovery
to Scientists.

Washington, Oct. 7.—Commander Peary has accepted the invitation of the National Geographic society to submit his polar records for the examination of a polar commission. Peary notified Professor Mills Moore, chief of the weather bureau and president of the society, of his acceptance in the following telegram sent from New York yesterday:

"Copy of society's resolutions just received. I am not only willing but desirous to submit my record and data to a commission of American scientists that is impartially selected."

Dr. Cook announced while Saturday that he was willing to submit all his polar data to the American Geographical and scientific societies at the same time he submitted it to the scientists of the university of Copenhagen, provided some arrangement can be made for the simultaneous announcement of the verdict of the various societies.

ENTIRE TRAIN DERAILED.

Four Persons Dead and Thirty Injured
as Result of Wreck.

Dallas, Texas, Oct. 7.—The Gulf, Colorado and Santa Fe train from Kansas City to Galveston was yesterday wrecked at Heiderheimer, four miles south of Temple. Four persons are dead and 30 injured. A defective rail caused the entire train to turn over. The baggage and express car caught fire and burned with their contents.

AVENGED WIFE.

Physician Who Killed a Man Has Been
Acquitted.

Brewton, Ala., Oct. 7.—Dr. Thomas A. Bedgood was acquitted here yesterday of the murder of James A. Gleason, whom he shot. The defense simply proved that Gleason made scandalous remarks about Mrs. Bedgood.

DANGEROUS DANDRUFF

Will Make America a Baldheaded Nation
if Not Checked.

M. Pasteur, the great French physician of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."

Dandruff is caused by germs, a fact accepted by all physicians. Dandruff is the root of all hair evils. If it were not for the little destructive germs working with a persistency worthy of a better cause, there would be no baldness.

Parisian Sage will kill the dandruff germs and remove dandruff in two weeks or money back.

The Red Cross Pharmacy guarantees it. It will stop itching scalp, falling hair and makes the hair grow thick and abundant.

It puts life and lustre into the hair and prevents it from turning gray. It is the hair dressing par excellence, defying perfume and free from greasy stickiness. It is the favorite with women of taste and culture who know the social value of fascinating hair.

A large bottle costs only 50 cents at leading druggists everywhere, and in Barre by the Red Cross Pharmacy. The girl with the superb hair is on every package.

By Our Formula

We produce in Hood's Sarsaparilla a medicine that has an unparalleled record of cures of Scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, thin blood, loss of appetite, etc.

The combination and proportions of the more than twenty different medicinal agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood,—those corpuscles that fight the disease germs constantly attacking you.

MIX WINS CUP RACE IN AMERICAN BALLOON

In the Air Three Days in Flight from
Zurich.

Zurich, Oct. 7.—The American balloon America II, of which Edgar W. Mix of Columbus, O., was the pilot, has won the international cup race. The balloon, which was the only American representative among the seventeen which started from this place last Sunday night, landed at Gutown, northeast of Warsaw, Russian Poland, Monday morning.

Mix's nearest competitor was Alfred Le Blanc, the French pilot, who landed at a town in Hungary on Monday afternoon. Beaulieu, one of the Swiss contestants landed Tuesday afternoon in Silesia; Messner, the other Swiss pilot, came down the same day in another part of Silesia; the Belgian Gerards landed Monday morning in Bohemia and Morkel of Germany came down Monday afternoon in Hungary. The other balloons landed at various other places during the first twenty-four hours.

Seven nations were represented by the seventeen starters.

YESTERDAY'S FOOT BALL SCORES.

Holy Cross Holds Yale Down to 12
Points.

The foot ball games of yesterday were somewhat of a surprise for the many lovers of the game, in that it was expected that Yale and the other larger institutions would roll up larger scores against their opponents than they did. As it turned out, Yale had a hard time with Holy Cross, which is much stronger this year than last, and with difficulty scored twice on them.

Princeton also found a Tartar in Villanova, but Brown trimmed up Bates with ease, although no surprising score was tallied. Annapolis defeated the team from St. John's college, but were scored on, thus taking some of the lustre from the victory. Exeter managed to score twice on Cushing academy. The scores of the games are as follows:

At Princeton, Princeton 12, Villanova 0.
At Providence, Brown 17, Bates 0.
At New Haven, Yale 12, Holy Cross 0.
At Annapolis, Naval academy 10, St. John's 6.
At Exeter, Exeter 11, Cushing 0.

BURLINGTON HIGH WINS.

Vergennes High Defeated 28 to 0 at Bur-
lington Yesterday.

Burlington, Oct. 7.—The Burlington high school team defeated the team from Vergennes high school yesterday afternoon by the score of 28 to 0. The locals had an easy time, scoring five touchdowns.

Yesterday's National League Scores.

At Brooklyn, Brooklyn 4, New York 1, batteries, Scanlon and Marshall; Klavitter and Wilson; (second game) New York 8, Brooklyn 4, batteries, Drucker and Schell; Fletcher and Dunn.
At St. Louis, Chicago 8, St. Louis 0, batteries, Cole and Moran; Higgins and Bliss; (second game) Chicago 5, St. Louis 1, batteries, Schwenk, Reulbach and Moran; Boole, Metter and Bliss.
At Philadelphia, Philadelphia 2, Boston 1, batteries, McQuillan and Dooin; Brown and Reardon; (second game) Philadelphia 7, Boston 1, batteries, Foxen and Dooin; Evans and Reardon.
Exhibition game at New York, Detroit 8, New York 2, batteries, McGinnity and Starnage; Mathewson, Lake, Blair and Farrell.

National League Standing.

	Won.	Lost.	Pct.
Pittsburgh	110	42	.724
Chicago	104	49	.680
New York	91	59	.607
Cincinnati	77	76	.503
Philadelphia	74	78	.487
St. Louis	54	98	.355
Brooklyn	54	98	.356
Boston	44	108	.289

Base Ball Notes.

Manager Hugh Jennings of the Detroit team expects to pitch George Mullin in the opening game with Pittsburgh.

All the reserved seats are sold for Monday and Tuesday in the post-season games which will be played in Detroit on those dates. At Pittsburgh nearly \$10,000 has been returned to fans who have applied for tickets for the games in that city.

The dope which has been handed out the past few days by experts regarding the world's championship series, which is to be held at Pittsburgh and Detroit, is about equally divided in the favoring of the two teams. The betting odds are a little in favor of the Pirates.

Part of the Detroit team played the New York Americans yesterday afternoon in a benefit game for Sam Crane, the old Detroit player.

RAJISIN WINE CASE DISMISSED.

The Production Will Be Further Inves-
tigated.

Chicago, Oct. 7.—At a conference yesterday between the government officials and representatives of distilling interests it was decided that the bill of H. H. Shufeldt & Co., praying an injunction against the collection of a revenue tax on the manufacture of raisin wine should be dismissed. The internal revenue officials, against whom a temporary injunction had been issued, were assured the large distilleries would work in harmony with them. Later in the day the suit was dismissed by Judge Kohlsaat. The revenue department will further investigate the raisin wine production so that if necessary this ingredient may be used under proper regulations, in the manufacture of sweet curdles.

FASTEST WARSHIP

Destroyer Reid Makes 34.548
Knots.

A MILE AN HOUR BETTER

Than Flusser's Record—She Is the Third
Vessel of Her Type—Built at Bath
and Will Go into Commission
Oct. 28.

Rockland, Me., Oct. 7.—A magnificent record was made by the torpedo-boat destroyer Reid yesterday in her first official acceptance trial. It was her standardization test and she made her fastest mile at the rate of 34.548 knots per hour, which was nearly a knot better than her sister ship the Flusser did on the same test a month ago. Both craft are products of the Bath Iron Works. The mean of the top speed runs of the Reid yesterday was 33.75, an eighth of a knot better than the Flusser did. The Reid also made the fastest standardization record in the world, that is, the shortest time was required to complete her standardization of 6:19.4. She entered the course at 6:19.4 and made 22 runs before 9 a. m. Conditions were fine and everything worked splendidly on board. She developed a shaft horsepower of a little better than 15,000, being about 1,000 more than made by her sister ship Flusser. The trial was under the direction of Superintendent Engineer Charles P. W. Flusser of the Bath Iron Works, with Captain Charles W. Douglas of Bath as navigating officer. President John S. Hyde also represented the builders. The ship will go into commission Oct. 28. She is the third of the type to have a builders' acceptance trial.

ICE TRUST FIGHTS TRIAL.

Says The Public Is Inflamed Against
It.

New York, Oct. 7.—The American ice company, which is charged by the state with making contracts in restraint of trade, tried yesterday to obtain an adjournment of the four indictments against it and secure a special panel of jurors. Its lawyers contended that the public mind had been so inflamed against the corporation that with an ordinary panel of jurors a fair trial would be impossible. Printed matter and cartoons hostile to the company were presented in proof of these assertions. Arguments were heard by Justice Charles B. Wheeler of Buffalo, who was especially assigned to the case by Governor Hughes.

ADDITIONAL ARRESTS.

Collins and Curtis Involved in Seder-
quist and Barry Troubles.

Boston, Oct. 7.—Charles H. Rollins, a member of the firm of Fremas Rollins & company, bankers, and a former member of the governor's council, surrendered himself at police headquarters yesterday and was arrested on a severe indictment returned by the Suffolk county grand jury, in connection with the bankruptcy of Sederquist, Barry & company. The indictment charges the larceny of \$116,330 in 120 counts.

A fourth arrest in connection with Sederquist, Barry & company's troubles was that of Harry F. Curtis of Brooklyn, a broker who surrendered himself at police headquarters.

KILLS WIFE AND SELF.

Former Prominent Figure in Mercantile
Business Commits Crime.

Highland, Ill., Oct. 7.—Lewis Ginsel, former city treasurer and until two years ago a prominent figure in the mercantile business of the city, shot and instantly killed his wife, Addie, at their home in the presence of their five children last evening, and then brushing aside the screaming little ones, went into the summer kitchen, barred the door, and seating himself in a chair, fired a bullet into his own brain. He had been drinking heavily.

KIDNEY OR BLADDER DISORDERS VANISH

A Few Doses End Backache and Bladder
Misery and Restore
Healthy Kidney
Action.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Pope's Discrete. Misery in the back, sides or loins, sick headache, nervousness, rheumatism, pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyes, loss of energy and all symptoms of out-of-order kidneys simply vanish. Uncontrollable urination (especially at night), smarting, offensive and discolored water and other bladder misery ends.

The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pope's Discrete, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing it, cleansing, healing and strengthening influence directly upon the organs and glands affected, and complements the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pope, Thompson & Pope, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only expensive results can come from taking Pope's Discrete, and a few days' treatment will make any one feel fine. Accept only Pope's Discrete—fifty-cent treatment—any drug store—anywhere in the world.

To Enjoy

the full confidence of the Well-Informed
of the World and the Commendation
of the most eminent physicians it was essen-
tial that the component parts of Syrup
of Figs and Elixir of Senna should be
known to and approved by them; there-
fore, the California Fig Syrup Co. pub-
lishes a full statement with every package.
The perfect purity and uniformity of pro-
duct, which they demand in a laxative
remedy of an ethical character, are assured
by the Company's original method of man-
ufacture known to the Company only.

The figs of California are used in the
production of Syrup of Figs and Elixir of
Senna to promote the pleasant taste, but
the medicinal principles are obtained from
plants known to act most beneficially.

To get its beneficial effects always buy
the genuine—manufactured by the Cali-
fornia Fig Syrup Co. only, and for sale
by all leading druggists.

POWER AGREEMENTS DENIED.

The Members of The Dupont Firm on
The Stand.

New York, Oct. 7.—George L. Root, a
powder manufacturer of Terre Haute, Ind., was the first witness today when hearing was resumed on the govern-
ment's charge that E. I. Dupont de Nemours Powder company and its allies have violated the anti-trust laws. Mr. Root said that he left the Hazard Powder company at Fontenot, Ind., to answer questions. Mr. Root declared that Eugene Dupont made overtures in 1901 for the purchase of his plant and that the offer was accepted. He denied that his company had been forced to sell and said that the transaction was entirely satisfactory. He admitted, however, that after selling out he agreed to enter the powder manufacturing business for twenty years. Alfred I. Dupont, a director and vice-president of the principal defendant, described the organization of that corporation in 1902. "When you and your partners learned that there were trade agreements in existence, what did you do?" he was asked.

"We tried to cancel them as soon as practicable," he answered.
"When the government brought suit against you in 1907, were there any trade agreements in existence?"
"None, to my knowledge,"
Mr. Dupont said the European agreement was the last cancelled in 1906.

TWENTY-THREE BODIES FOUND.

The Explosion Entombs Miners Near
Nanaimo, B. C.

Ladysmith, B. C., Oct. 7.—Twenty-
three bodies had been recovered "early
yesterday" from the Extension mine,
where an explosion took place yesterday.
It was expected that the nine
bodies still in the pit would be recovered
during the day.

Sixty miners were entombed by the
explosion. The shock was terrific, but
its effect was confined to the slope
wherein it occurred. All of the men in
the other slopes and levels escaped. Eigh-
ty men are engaged in rescue work.
Hundreds of others volunteered aid, but
the nature of the rescue work precluded
more than fifty being engaged.

The explosion was due to fire damp,
the timbers in two levels at once ignit-
ing and the fire spreading with great
rapidity.

The mine is situated sixty miles
north of Victoria near the coast. Some
of the chambers run under the sea.
They are owned by Governor Dunsmuir
of British Columbia.

Over 3,000 men are employed in these
collieries, which are the second largest
in Canada, and have been operated for
forty years. They have been the scene
of several disasters in recent years.

NO MORE OF THEM.

Joint Manoeuvres Under The Ban of
The War Department.

Washington, Oct. 7.—Joint manoeuvres
of the regular army and the National
Guard are a thing of the past;
at least, there will be no repetition of
the recent Boston campaign as long as
the present directing forces of the war
department are in control.

The department is now convinced
that all of real utility that was taught
the militiamen could just as well
have been imparted through other
means and without filling the hospital
camps during the campaign and without
causing the weary lists of absentees on
company roll in the National Guard
armories since then, attributable to
pneumonia and dysentery extending
over weeks after the return of the
militiamen from the field.

The general officers of the regular
army and of the National Guard who
jointly planned and participated in the
Boston campaign, insist that it was a
great success. Not so the officials of
the war department, who are now rock-
ing with the results. It is true that
the militiamen got a taste of actual war,
but for the most part they returned
to their homes a disheartened and
discouraged set of men.

HEARST IS NOMINATED.

Independence League Enters Candidate
in Mayoralty Race.

New York, Oct. 7.—William R. Hearst
was put in nomination for mayor last
evening at Cooper Union at one of the
most enthusiastic and uproarious meet-
ings that even the great hall of Cooper
Union has known this long while. The
meeting was organized by the Independ-
ence league, but as it has not the
force of a party convention, the "nomi-
nation" was of course as yet no legal
standing. The meeting, however, took
measures to give a legal effect to its
wishes and adopted resolutions appoint-
ing a committee to take all the neces-
sary legal measures to put in formal
nomination a complete city ticket.

CATSKILL'S HUDSON DAY.

Two Old Ships Have Part in Celebra-
tion.

Catskill, N. Y., Oct. 7.—The Hall
Morgan, the Clermont and their naval es-
cort arrived here yesterday from King-
ston to participate in Catskill's day of
the Hudson-Fulton celebration. Govern-
or Hughes delivered an address from the
steps of the court house.

NO RUSH FOR CENSUS

Few Apply to Civil Service
Commission

TO BE 3000 APPOINTMENTS

Hitchcock Continues Work for Efficiency.
Top of the Treasury Building Is
the Tariff Board's Head-
quarters.

Washington, Oct. 7.—The United
States civil service commission has an-
nounced that a very small proportion of
the applications thus far filed for the
examination to be held on Oct. 23 next
for positions in the census bureau, are
from the residents of the more distant
states. It is expected that about three
thousand appointments will be made
from the examination which is scheduled
to be held on Oct. 23, 1909, in all the
states and territories. These appoint-
ments will be for terms of six months
in two years, and will average about
one year in length. The entrance salary
will be \$600 per annum, and promotion
to at least \$800 per annum will be rea-
sonably rapid for those who render sat-
isfactory service. Applicants must be
between the age of eighteen and fifty
years of age, excepting that persons hon-
orably discharged from the military or
naval service, by reason of disability
resulting from wounds or sickness in-
curred in the line of duty, may be ex-
amined without regard to age. It is un-
derstood that the census bureau will
make some appointments from this ex-
amination about Jan. 1, 1910, but the
majority of such appointments will be
made between April and August, 1910.

Investigating Money Order System.

To investigate the money order system
of the post office department, with a
view to reducing its expenses and in-
creasing its efficiency, Postmaster Gen-
eral Hitchcock has appointed a special
committee, of which Arthur M. Travels,
acting third assistant postmaster general,
is the chairman. Chairman Travels has
designated as representatives of the large
money order post office the follow-
ing officials to attend a conference
to be held here during the week begin-
ning Oct. 17: New York, Joseph Elroy
Chicago, John M. Hubbard, Jr.; Philadel-
phia, Thomas Martin; Boston, O. E. Lor-
ing; St. Louis, Albert Autenreith; Brook-
lyn, Edward McIntyre; Cincinnati, Wil-
liam D. Baker; Baltimore, Charles H.
Clarkson; Detroit, Jay C. Hudson; Mil-
waukee, Frank F. Mayhew; Washington,
H. L. Johnson, Howard Beall, James B.
Corridon; Louisville, Jesse G. Sewell;
Atlanta, Yancy Bryant; Denver, Joseph
P. Hawlock; Seattle, William J. McCall-
field, and Indianapolis, Charles W. Dy-
field.

Starting Customs Court of Appeals.

The appointment of D. Frank Lloyd of
New York as assistant attorney general
of the customs court of appeals in ad-
vance of the creation of that body and
the selection of quarters for the new
tribunal at the top of the treasury
building are announced. Another official
act announced in connection with cus-
toms administration was a decision that
authorized agents, as well as the officers
or stockholders of a corporation are to
execute the ownership declaration re-
quired of corporations under the customs
administrative act of June 10, 1890. Mr.
Lloyd's appointment is under the new
tariff law which creates a customs ap-
peal court, to consist of a presiding judge
and four associate judges, appointive by
the president. The salary is \$10,000 per
annum. None of the judges or other
officers, except Mr. Lloyd, has been ap-
pointed. The salary of the deputy as-
sistant attorney general is to be \$7,500
a year, and his duties, along with the
assistant attorney general and the four
attorneys to be selected, are to represent
the interests of the government in all
matters of reappraisal and classifica-
tion of imported goods and of all incident
litigation.

More Talk of Eliot for Ambassador.

The report has been revived that
Charles W. Eliot will be urged to accept
the offer of ambassador to the court of
St. James. In the absence of President
Taft and Secretary of State Knox, no
authoritative information on the subject
is available, but officials called attention
to the fact that when Mr. Whitelaw Reid
was in this country a few weeks ago it
was arranged that he should remain in
London as the American ambassador for
another year.

Wickersham and Nagel Return.

Attorney General Wickersham and
Secretary of Commerce and Labor Nagel
returned here yesterday. Mr. Wicke-
rham during the summer vacation at-
tended to a good deal of official business
in New York City. Secretary Nagel
comes from Boston, after a stay at his
summer home in Marion, Mass.

To Attend White Slave Congress.

Acting Secretary of State Adde has

ITCHING IRRITATION

Worst Form of Skin Trouble Quickly
Cured By Inexpensive Treatment.

When you suffer with any skin trou-
ble, even though the itching seems un-
bearable, do not think that it is neces-
sary to use some disgusting greasy
ointment. Try Hekiva, a pure and
simple skin food, that is guaranteed to
contain no grease or acid, and which is
so clearly that it does not soil the lin-
en.

Its power to instantly relieve any ir-
ritation of the skin and make it soft,
white and beautiful is almost miracu-
lous.

Not only are minor skin troubles, like
pimples, blackheads, acne, barber's itch
etc., quickly cured, but the worst ec-
zema or cases of salt rheum or eczema
are cleansed and healed by this won-
derful skin food.

In order that any one may try Hekiva
at small expense D. F. Davis is sell-
ing a liberal sized jar at 25c and in
addition guarantee to refund the money
if the treatment does not do all that
is claimed for it. Larger size 50 cents.

No Ordinary Suits Here

Young men who are
particular about looking
dressy—and that includes
nearly all young men in
these days—will be glad
to see our new clothes
this Fall.

Some of the new fash-
ions for young men are
exceptionally good—the
cut and finish are ex-
ceedingly smart—and we
can promise any of you
something out of the ordi-
nary.

For all ages, sizes and
tastes, we have the right
clothes—and they don't
cost too much, either.

Pretty good suits at
\$10—a very fine lot at
\$15—and the strictly
Hart Schaffner & Marx
models from \$18 to
\$27.50.

MOORE & OWENS

122 North Main Street, Barre, Vermont

appointed George B. Rives, the American
charge d'affaires at Vienna, to represent
this government at the international pre-
liminary congress on the suppression of
the "White Slave Traffic," which is now
in session at Vienna.

STORM BREAKS WIRES.

Live High Tension Wires Down in The
Streets Cause Death of Editor.

Way Cross, Ga., Oct. 7.—This place

Too tired to work

If you get up in the morn-
ing tired—if you weary with
little exertion—if you and go
are lacking—your liver is torpid.

Take Schenck's
